

Advanced Modal Analysis

October 7th 2009
Loughborough, Leicestershire

Introduced by NDO Consultants Ltd. *in association with Data Physics UK Ltd*

This Advanced Modal Analysis seminar is ideally suited to delegates who have previously attended our 'Introduction to Modal Analysis' seminar or have an understanding of the principles of the Modal Analysis process and data capture.

We will cover topics such as

- Single Input-Multiple Output (SIMO)
- Multiple Input-Multiple Output (MIMO)
- Coherence, Multiple Coherence
- Advanced Curve Fitting
- Stabilisation diagrams
- Operational Modal
- FE Modal Validation

To be held at Loughborough University's new Wolfson School facility, including lunch, refreshments and full course notes the seminar cost will be **£170+vat per delegate**.

The places are limited so please book early by completing and sending the attached booking form along with your payment or order number to
